HOW TO GENERATE AN
EXTRA €2,400 A MONTH
WITH JUST 6 CLIENTS?**

■

Hair Extension Training Ireland offers accredited training for both hairdressers and non-hairdressers.

Led by industry expert Melissa Hayward, our courses are a one-day, in-person experience, complemented by 3-4 hours of bite-sized online study.

A close-up photograph of a hairdresser's hands working on a client's long, light brown hair. The hairdresser is using a tool to apply hair extensions. The background is slightly blurred, showing another person in a dark uniform. The text 'FULLY ACCREDITED HAIR EXTENSIONS COURSES' is overlaid in large, white, bold, sans-serif capital letters on the left side of the image.

FULLY ACCREDITED HAIR EXTENSIONS COURSES

Hair Extension Training Ireland's courses offer you a full range of all of the most popular and widely used methods of application, with a type that is suitable for each and every client hair type.

We train existing hairdressers who want to expand their skill to include this extremely lucrative skill set and also those new to hair from outside the industry who want a career change and who can see how becoming a hair extensionist will improve their earning potential and job satisfaction

Hairdressing never stays still and clients' expectations continue to rise. Developing skills and creating new looks with fresh techniques is vital, making education essential.

IS THIS TRAINING FOR YOU?

Our courses are ideal for those who want a career change, want to offer a complete hair extension solution for their clients or for hairdressers wishing to increase revenue with new services.

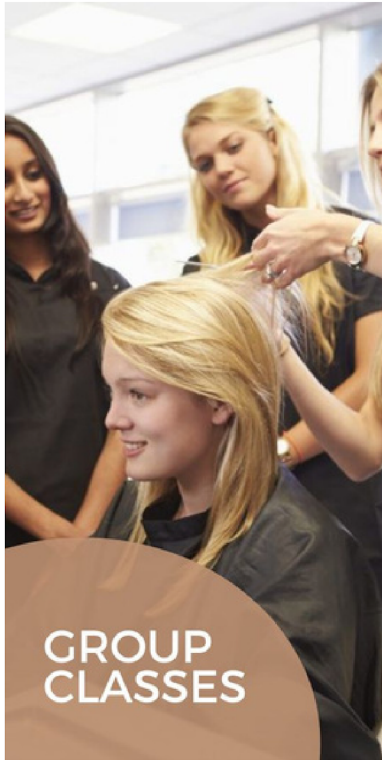

Many courses offer only one method of extension application, however if this is not suitable for your clients hair you may either lose business or damage your clients hair. You will learn 5 different methods of Hair extensions during this course.

Course delivery

This course is delivered by academy director Melissa Hayward who will be utilising a wide range of knowledge and skills gained during 20+ years in the industry to deliver the course. Hair Extension Training Ireland is the first academy in Ireland dedicated to exclusively delivering hair extension qualifications.

Course overview

This exciting accredited course in hair extensions services provides the qualification and skills needed to apply hair extensions for clients. The course covers microring, nanoring, weft and tape in systems ensuring a wide range of skills obtained to meet differing client needs. You will also cover how to identify which products and techniques to use, preparation of client hair, selecting, blending and placing hair extensions to add colour, volume and length for the client and how to complete each service. Maintenance of extensions, client consultations and aftercare also form part of the course.

Course content

You as a stylist- Troubleshooting and common mistakes when applying extensions
- How to colour match hair extensions - Different methods of application - Contraindications - Estimating the amount of extensions required - Adding volume and length. - Applying highlights and special effects - How to do a hair extension consultation - Aftercare - Release forms - Traits of a good stylist - Pricing - Applying tape in extensions - Applying microring weft extensions - Applying microring extensions - Applying nanoring extensions - Removal and re-application - Blending/styling extensions - List of suppliers and where to get the best hair - And more!

Qualification gained

AIT accredited certificate in hair extensions

Course duration

1 day class plus some at home study

You will complete an online theory module at home and then attend 1 day practical training in person .

We recommend a minimum of 3 hours for your theory training at home in your own time, this consists of 10 modules that you will complete by watching short videos followed by a quiz or fun assignment. Once you've completed this your practical training is 1 day.

Who the course is for

Our courses have been specially designed for complete beginners and for experienced hair stylists so you do not need prior experience to benefit from this course.

How is the course assessed

You will be assessed via online assignments and multiple choice quizzes where the pass mark is 80% and also via practical in person training assessment. If you do not pass this course first time round you can redo the course completely free of charge

Progression and business opportunities

Completion of this course means you are qualified to apply 4 methods of hair extension application. You will also be eligible to open trade accounts with hair extension suppliers to purchase hair and supplies at wholesale prices. Your services will also be insurable and insurance discounts are available.

Cost

€440 for group training, €610 for 1:1 training or €540 for refresher training for stylists in our studio or we can come to you nationwide (extra fee may apply to cover travel costs depending on location)
